## ZENDO PROJECT

Our vision is creating a community of compassionate care.

By providing a supportive environment and specialized care, we support the transformation of challenging psychedelic experiences into valuable learning opportunities, with deeper potential for healing and growth.

## WORKSHOP

Topics include: triage and referral; physical, mental, and emotional effects of psychedelics; factors that contribute to a difficult experience; Zendo Project's four principles of psychedelic support; tools, techniques, and protocols; sitter self-care; assisting the integration of a psychedelic journey; ethical guidelines for psychedelic peer counseling.

## SPONSORS

*Taylor Lefevre and:*

*The Cannazine*

The Zendo Project  
is a department of
